

Upgrade to the Next Generation of High-Contrast Coding

Introducing the Videojet® 1880 C — the next step for 1710 users looking for reliable high-contrast coding with simpler operation and less routine maintenance.

Why upgrade?

✓ Spend less time on maintenance

Reduce cleaning, operator intervention, and service frequency with advanced ink management and long-life components.

✓ Keep production running

Improved pressure control, ink circulation, and recovery routines help support reliable performance and restart after extended shutdowns.

✓ Achieve bold, high-contrast codes

Create crisp, highly visible codes with hard and soft pigmented inks, supported by consistent print quality throughout production.

✓ Simplify operator training

The proven SIMPLICiTY™ interface provides a familiar experience across Videojet CIJ printers.

✓ Upgrade with confidence

Move from the 1710 to the 1880 C with minimal disruption, while retaining compatibility with many existing accessories and workflows.

The next generation of Videojet contrast printing

- ✓ High-contrast codes on challenging substrates
- ✓ Reduced cleaning and maintenance demands
- ✓ Improved uptime and reliability
- ✓ Modern SIMPLICiTY™ operator experience
- ✓ Support for both hard and soft pigmented inks

Talk to your Videojet representative to learn more about upgrading from the Videojet 1710.

Our Vision: Preserving the safety, quality, and authenticity of daily essentials for billions

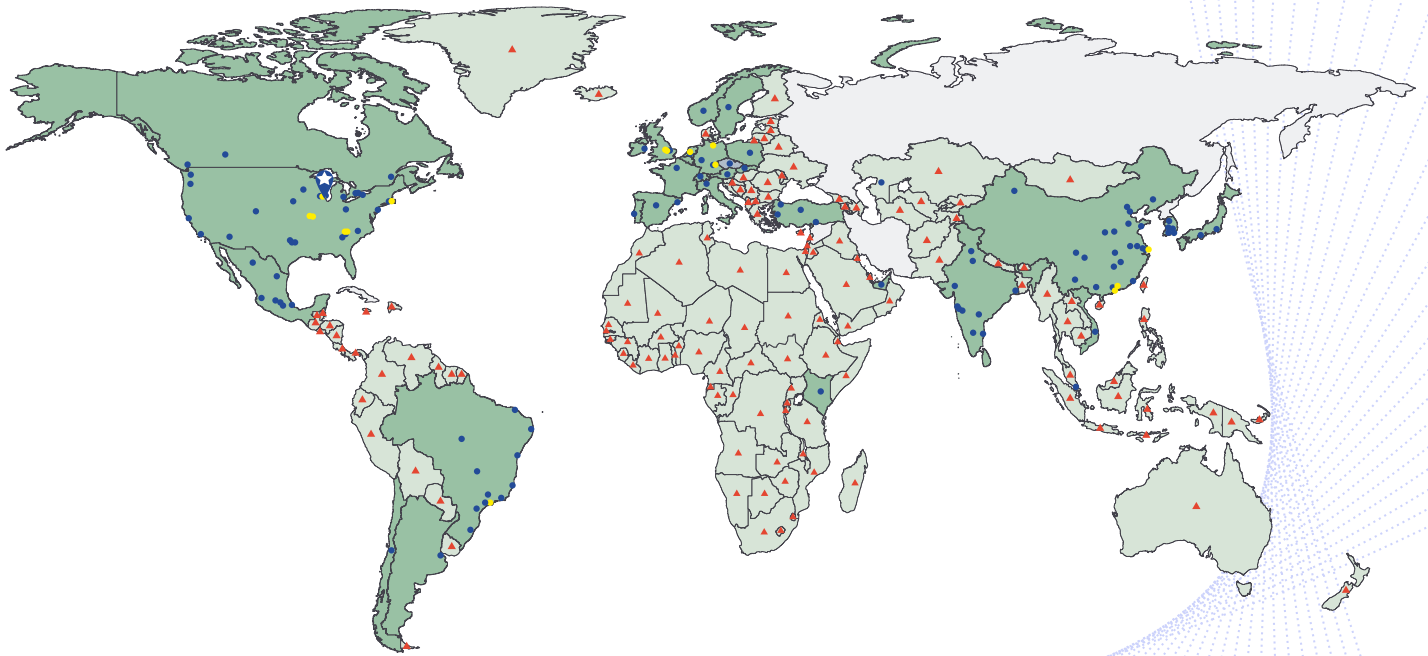

At Videojet Technologies, we believe that every product tells a story—a story of quality, care, and trust. As a global leader in product identification, we proudly partner with manufacturers in over 20 industries, from food, beverage, cosmetics, and personal care to pharmaceuticals, tobacco, packaging, aerospace, and beyond, helping them to identify products, enhance operations, and improve productivity. We work tirelessly with customers, OEMs, and channel partners, to protect the safety and integrity of daily essentials relied on by billions of people every day.

The Videojet core pillars of **expertise, adaptability, usability, and consistency** are values that drive us forward, inspiring us to deliver high-performance, reliable solutions that meet the unique needs of every manufacturer we support. With an unwavering commitment to excellence, we offer a comprehensive suite of **marking and coding equipment, high-quality supplies, dedicated Videojet-trained on-site service technicians, and advanced software solutions** to bring peace of mind and pride to our customers.

Our technology portfolio spans **Continuous Inkjet (CIJ), Thermal Inkjet (TIJ), Laser Marking Systems, Large Character Marking (LCM), Thermal Transfer Overprinting (TTO), Print and Apply Labeling (LPA), Pallet Labeling, and wide-array printing solutions**—all crafted to deliver adaptability, precision, and cutting-edge innovation that makes a difference.

With over 400,000 printers marking ten billion products daily, our solutions touch lives across the globe. Supported by a team of 4,000 associates in 26 countries and a network of 400 distributors and channel partners in 135 countries, we bring expert service and heartfelt dedication wherever companies operate.

As part of Veralto—a global leader in essential technology solutions dedicated to **"Safeguarding the World's Most Vital Resources™"**—we are not just building systems but shaping a future where every brand can deliver trusted products with confidence, enriching lives and fostering connections with consumers worldwide.
